

CINEMA SB120

2.0 channel soundbar

Simple. Compact. Powerful.

The JBL Cinema SB120 is a hassle-free soundbar in low profile that fits neatly under your TV. It features Bluetooth for wireless music and one cable connection with HDMI ARC for a simplified user experience. Combining 110W of power, two full range drivers, two 2.5" woofers, a built-in subwoofer for deep bass and Dolby digital, it delivers powerful sound for the ultimate listening experience.

Features

- ▶ Ultra-low-profile
- ▶ Dedicated sound mode to enhance voice clarity
- ▶ Built-in subwoofer
- ▶ Dolby Digital embedded
- ▶ Wireless music streaming via Bluetooth
- ▶ One cable connection with HDMI ARC

Features and Benefits

Ultra-low-profile

This soundbar comes with just 62mm height that can be placed under your TV, fits any home décor.

Dedicated sound mode to enhance voice clarity

Just press the "Voice" button on the remote control to enhance voice clarity, and never miss a word of your favorite movie.

Built-in subwoofer

The built-in subwoofer delivers deep bass. There's no need for another box and extra cables around your living room.

Dolby Digital embedded

Delivers powerful sound that enhances any movie experience.

Wireless music streaming via Bluetooth

Stream and enjoy all your music wirelessly from any mobile device.

One cable connection with HDMI ARC

The one cable HDMI ARC connection allows for the simplest set-up and a hassle-free user experience.
